transoptions.org

Providing comprehensive legal services to business clients including Class I, Class II, and Shortline railroads across the U.S. and in Canada for over 40 years.

John K. Fiorilla, Esq.
856.914.2054
jfiorilla@capehart.com

Christopher J. Hoare, Esq.
856.914.2066
choare@capehart.com

Capehart Scatchard's Transportation Group represents Class I and Class III railroads using the experience our attorneys have acquired while working as in-house counsel at Conrail and working with the Central Railroad Company of New Jersey (CNJ) in 1976.

Our Transportation Section works with a number of carriers both big and small.

We specialize in real estate litigation (including bringing and defending eminent domain) state tax litigation, contracts, preemption defense regarding the acquisition and operations of new facilities, freight loss and damage defense, and working with marketing, sales and operations regarding service problems so that our clients remain satisfied customers. We also have an extensive practice representing creditors in bankruptcy and insolvency proceedings throughout the U.S. We also represent carriers before Municipal Courts, City Councils and other state and local administrative bodies putting the railroad's best foot forward regardless of what local problems it may face. We also have an extensive practice in personal injury defense including FELA.

Mt. Laurel, NJ • Trenton, NJ • Holmdel, NJ • Philadelphia, PA
Elmira, NY • New York, NY • Wilmington, DE

 4+ Camera Capable  Wi-Fi Capable  Cellular Capable

Mobileye® Shield+

Pedestrian & Cyclist Safety Technology

NAMED
BEST NEW
PRODUCT AT
BUSCON
2015!

The Mobileye® Shield+ system is the latest technological advancement for preventing collisions between vehicles and vulnerable road users (VRU's) including pedestrians and cyclists. The dynamic bus operating conditions on congested urban streets demand the highest level of visibility when operating the bus and especially when approaching VRU's in complex bus turning patterns. Pedestrians and cyclists often are not seen by the driver due to the large blind spots when the bus is making turns on tight, busy city streets.

Driver Alert Display

Blinking red display and audible beeping alerts the driver of a pedestrian or cyclist that is in the bus collision trajectory.

THE DIAMOND FAMILY

Serving The Industry Since 1947

Made in the U.S.A.

diamondmfg.com

800-343-1009 816-421-8363

PtMS just got even better, now with mobile applications, route optimization and vehicle maintenance.

PtMS is more than just a database. Its a total transportation management system at affordable prices no matter how many trips you do or your fleet size. PtMS is completely scalable for your business.

Total Transportation Management System!

Contact us to setup a online demonstration

Newest Products

Route Optimizer

The Route Optimizer and Batch Scheduler is designed to rapidly schedule trips in seconds.

HIPAA Claims

PtMS can produce HIPAA 837 professional electronic claims for transportation services directly from the PtMS database

PtMS Trip Importer

The PtMS Trip Importer imports text files containing scheduled trip information directly into the PtMS scheduled trips table. Text files can be in either comma delimited or column delimited format.

PtMS Mobile

PtMS Mobile connects the PtMS for Windows software system and database with mobile devices in the vehicles. Track, message and update your vehicles in real time.

See what our customers are saying

With the PtMS automated batch scheduler I am able to complete my next day's schedule in minutes. The PtMS scheduler assigns the over 400 unscheduled demand trips to the best standing order routes with a few click's of the mouse. Within minutes I am ready to print schedules for my drivers.

Build Your System

At Automated Business Solutions, we understand what it takes to run a transportation agency.

That is why we customize the system to suite your needs.

We won't bog you down with unnecessary add ons and features.

We give you what you want. Every customer starts with our Core System and add what they need.

So what are you waiting for?

Contact Us today and setup a demonstration.

At Automated Business Solutions, we care about results!

PtMS Mobile for Android

PtMS Mobile for Android is the most cost effective way to track your vehicles, get real-time trip updates, verify actual pickup and drop off times, and much more. We can even schedule your will-call trips to the closest vehicle when they are ready to be picked up.

And with our built in messaging system, you can cut down on radio communication and get the answers you need.

Ideal Data, Inc.

420 River Road • North Arlington, NJ 07031

ph: 201-998-9440 • fx: 201-998-5590

web: www.IdealData.com

We are more than a data company...

Of course, we can help you with all your data entry needs, be they business reply cards, clinical studies, credit card applications, traffic studies, subscription orders, sweepstake entries, rebates, etc.

Of course, we can assist you with survey processing, including traffic, mail backs, clinical trials, market research such as customer satisfaction surveys, etc.

Of course, we can take the burden of fulfillment off your hands with envelope stuffing, hand assembly, inserting, and mailing when you need to send brochures, flyers, surveys, questionnaires, etc.

Of course, we can facilitate your direct mail campaigns, from list development through letter personalization to printing and mailing. In fact, we can design your mailings and provide you with the copy as well.

Of course, we can scan your paper documents. Our scanning services include converting archival resolution documents that require extra care into most formats.

Of course, we can assist with your event planning. Whether you need on-site registration or complete event planning, we can help with complete registration, badge preparation, attendance reports, matchmaking and more. Ideal Data brings more than 10 years experience.

But Ideal Data does more.

Our business mission is making the processes of data development/conversion/processing and marketing simple, easy, and transparent to our clients so that they can concentrate on doing business. We can help you with specific aspects of your projects - or we can provide you with a turn-key solution.

Life's a Journey. Make it an EZ Ride.

Capability Statement

www.ezride.org

For more than 30 years EZ Ride has been designing and implementing transportation solutions for leading companies and municipalities in New Jersey. Our fleet of 30 mini-buses and 100 drivers operate around the clock to provide over 2,000 rides daily.

Our transportation services for seniors and the physically and mentally challenged provide more than 30,000 rides a year. Every year, we enroll about 5,000 commuters in the statewide Rideshare database to match people with similar commutes and form carpools and vanpools. We also implement the federal Safe Routes to School program in five New Jersey counties and conduct more than a 100 pedestrian and bicycle safety events every year.

USDOT licensed passenger transportation carrier: 2259052

CORE COMPETENCIES

- One-stop shop for all your community transportation needs
- Award-winning Urban Community Transportation System (CTAA)
- Outstanding TMA Award
- Largest mini-bus shuttle provider in New Jersey

SERVICE FEATURES

- Average vehicle age is four years
- Vehicles inspected by NJDOT every six months
- Operate scheduled and on-demand shuttles
- Operate 12 buses from Secaucus Junction alone
- Operate 24 hours, 7 days
- Fleet is wheelchair accessible
- Vehicles have 18 to 25 passenger capacity

DIFFERENTIATORS

- State-of-the-art vehicle technology (cameras, GPS, networked computer tablets)
- Superior Insurance Coverage (\$5 Million Liability)
- Exemplary vehicle safety and driver safety program
- Contracts with NJ Transit for 15+ years
- Ensure greater reliability by maintaining 20 percent vehicle reserve at all times
